ALFALFA

NEW

STEALTH II

- Standfast technology with improved re-growth & standability
- Top performing variety suited to growers that are maximizing alfalfa production

NEW

FOUNDATION APR

- Improved performance in poorly drained soils (HR to APHANOMYCES RACE 2)
- Early-medium maturity
- Superior digestibility
- Fast recovery
- Multifoliate, fine stemmed
- Excellent persistence
- Fall Dormancy 4
- WH 1.6 (winter hardiness)

SHOWDOWN

- A new generation high yielding multifoliate alfalfa
- Excellent relative forage quality
- Winterhardy variety with excellent persistence ratings
- High disease and pest resistance ratings
- Excellent producer for both hay and haylage production
- Fall Dormancy 4
- WH 2.0

MATRIX

- New generation creeping rooted
- Strong creeping variety bred in Minnesota
- Large, low crown that is well suited to grazing
- Can out yield tap-rooted varieties on lighter soils
- Fall Dormancy 2
- Excellent winter hardiness

GRASSES

NEW

TREPOSNO ORCHARDGRASS

(Registration Pending)

- Selected for increased yields and improved cold tolerance
- Medium-late maturity
- Excellent disease resistance
- Improved winter hardiness
- Maturity range is suitable for blending with alfalfa
- Improved persistence and quality

ANJO TIMOTHY

- Medium maturity
- Quick spring green-up
- Excellent disease resistance
- Ideal in hay or pasture blends

MARTIN 2 TALL FESCUE

- Improved forage type, hay or pasture
- Medium-late maturity
- Outstanding regrowth and colour during the summer for maximum grazing
- Winter stockpiling, maintains nutritive value better than other cool season grasses
- Wide area of adaptation

MELPETRA PERENNIAL RYEGRASS

- Tetraploid, wider leaves and upright growth
- High sugar, improved intake and animal performance
- Excellent seedling vigor, rapid ground cover
- Improved quality

GRASSES

PARDUS MEADOW FESCUE

- Excellent quality, pasture or hay blend component
- Tolerance to wet soils
- Strong disease resistance
- Improved persistence and longevity

NEW

MELQUATRO ITALIAN RYEGRASS

- Medium maturing, tetraploid
- Developed for increased forage matter production
- High sugar content
- Excellent seedling vigor during establishment
- Superior early spring growth
- High level of nonstructural carbohydrates and good palatability making it an excellent choice for early spring to mid-summer grazing or haylage

NEW

FESTULOLIUM

- Merlin (cross Meadow Fescue and Italian Ryegrass)
- Hykor (cross Tall Fescue and Italian Ryegrass)

- Norgold Yellow Blossom Sweet Clover
- Yellow Blossom Sweet Clover
- Alsike Clover
- Double Cut Red Clover
- Cicer Milkvetch
- Sainfoin
- Leo Birdsfoot Trefoil
- White Dutch Clover
(Sweet, Alsike & Red Clover are pre-inoculated)

GRASSES

Bromegrass

- Fleet Meadow Bromegrass
(bare & coated seed available)
- Carlton Smooth Bromegrass
(bare & coated seed available)

Orchardgrass

- Treposno Orchardgrass *(Registration Pending)*

GRASSES (cont'd)

Timothy

- Dawn Timothy *(Registration Pending)*
- Anjo Timothy
- Climax Timothy

Fescue

- Martin 2 Tall Fescue
- Pardus Meadow Fescue
- Boreal Creeping Red Fescue

Wheatgrass

- Kirk Crested Wheatgrass
- Slender Wheatgrass
- Intermediate Wheatgrass

Foxtail

- Creeping Foxtail(coated)
- Meadow Foxtail(coated)

Canarygrass

- Reed Canarygrass (low alkaloid variety)

Bluegrass

- Kentucky Bluegrass

Ryegrass

- Melpetra Perennial Ryegrass
- Melquatro Italian Ryegrass
- Tetra Brand Annual Ryegrass

Festulolium

- Hykor (cross Tall Fescue and Italian Ryegrass)
- Merlin (cross Meadow Fescue and Italian Ryegrass)

ANNUALS

- Melquatro Italian Ryegrass
- Tetra Brand Annual Ryegrass
- German Millet
- Crown Millet
- BMR Sorghum Sudangrass
- Sorghum Sudangrass

FORAGE MIXTURES

Haymaker Select

Very good hay blend that adapts to various soil conditions.
55% Imperial Select Brand Alfalfa
20% Martin 2 Tall Fescue
15% Carlton Smooth Bromegrass
10% Melpetra Perennial Ryegrass

Pasture Select

High quality grasses, all having very good regrowth characteristics
40% Fleet Meadow Bromegrass
20% Pardus Meadow Fescue
20% Martin 2 Tall Fescue
10% Melpetra Perennial Ryegrass
5% Treposno Orchardgrass *(Registration Pending)*
5% Matrix Creeping Rooted Alfalfa

Alfalfa Timothy Select

90% Imperial Select Alfalfa Blend
10% Anjo Timothy

All Grass Select

All grass mixture, wide range of adaptability
25% Fleet Meadow Bromegrass
20% Melpetra Perennial Ryegrass
15% Treposno Orchardgrass *(Registration Pending)*
15% Martin 2 Tall Fescue
15% Boreal Creeping Red Fescue
10% Anjo Timothy

Lowland Select

Specially designed for heavier soil types where alfalfa may be difficult to establish
50% Martin 2 Tall Fescue
20% Anjo Timothy
15% Carlton Smooth Bromegrass
15% Alsike Clover

CORN

Grazing & Silage varieties

COVER CROPS

Improve Soil Health!

- Weed Control • Nitrogen Fixation
- Reduce Compaction • Nematode Control
- Organic Matter • Erosion Control
